

# Wage and salary indices

2021, November

## Wages and salaries sum grew by 5.4 per cent year-on-year in September to November

According to Statistics Finland’s data, the wages and salaries sum of the whole economy was 5.4 per cent greater in the September to November period than in the corresponding period twelve months earlier. In November, the wages and salaries sum of the whole economy grew by 5.5 per cent from the year before. One year previously in September to November, the wages and salaries sum of the whole economy increased by 0.2 per cent.

### Three months’ year-on-year change in the wages and salaries sum, % (TOL 2008)

1) In addition to the main industries, the whole economy also includes the wages and salaries sum of the public sector

Source: Statistics Finland

The wages and salaries sum grew in September to November in all main industries. The wages and salaries sum grew fastest in the industries of private health and social work (8.1%), other services (7.5%), private education (5.3%), construction (4.8%) and manufacturing (4.7%). The increase in the wages and salaries sum was most moderate in trade (3.9%) and financial intermediation (4.2%).

## Wages and salaries sum grew by 6.3 per cent year-on-year in the private sector in September to November

The wages and salaries sum in the private sector was 6.3 per cent greater in September to November than twelve months earlier. The wages and salaries sum of the public sector was 4.1 per cent higher than in the corresponding period one year previously. In November, the wages and salaries sum in the private sector increased by 6.3 per cent and in the public sector by 3.7 per cent from one year earlier. In the September to November period one year ago, the wages and salaries sum fell by 0.4 per cent in the private sector and grew by 2.8 per cent in the public sector from the year before.

### Three months' year-on-year change in the wages and salaries sum of the whole economy, and the private and the public sector, % (TOL 2008 and S 2012)

1) The private sector includes private enterprises excluding financial and insurance corporations (S12)

Source: Statistics Finland

The wages and salaries sum refers to the sum total of the gross wages and salaries paid to employees without incentive stock options. The wages and salaries sum is influenced by changes in employment and in the earnings level of wage and salary earners.
